The objective of the course is for civil servants working in the field of Government Communication to share their knowledge and skills enabling them to lead and inspire the modernisation of Government Communication in their home countries. The course also aims to strengthen participants' ties with the Netherlands and the Dutch government; especially between Dutch civil servants and their counterparts in the target countries.

Goals of the 'Communicating with the public' professional development course

The Ministry of Foreign Affairs of the Netherlands is organising the professional development course with the aim to increase:

- the participants' knowledge about government communication theory and understanding of the role of public communication in a democratic society;
- the participants' insight in public communication processes and in the playing field between government and citizens;
- practical communication skills and professional competencies.

Additionally, the course provides participants with the opportunity to develop a valuable network with other civil servants in the region and in the Netherlands.

Course outline and content

The professional development course on Communicating with the Public comprises three inter-related and integrated components: theory, practical skills and study visits. The course will also allow the uptake of the learned principles in a practical project: Back Home Action Plan (BHAP). In the BHAP, each participant will have to describe a concrete project in communication with the public, such as: writing a (improvement) plan for the communication function within their organization, making a (improvement) plan for the further professionalization of one or several communications aspects (such as communications advice, press relations, research) or making a communication plan for a specific project in which communication with the public plays an important role.

Dates, location and language

The professional development course will take 2 weeks in total.

29 October 2017 – 11 November 2017

The courses will be in English, with interpretation into French if necessary. Participants are obliged to attend the two weeks in full. After completing the course, participants will receive a certificate.
